

BIRDS AUSTRALIA GLUEPOT RESERVE

Application to undertake research and surveys

Applications must be lodged with:
Ian Falkenberg
Chair, Gluepot Reserve Management Committee
PO Box 275
Nuriootpa, SA. 5355
Phone: 0428 842 873
email hawknest2@bigpond.com

<u>Office use</u> Date received:

Applications will be assessed by two senior scientists from the Gluepot Reserve Management Committee and/or external referees. No project will be approved unless judged to be sound by these people.

1. Project title (provide a title that is concise and informative).
--

2. Project summary and justification (supply a summary of the proposed project and indicate its significance).

3. Student / Chief Investigator(s)

Title, and full name

1.

2.

Full address

Relevant qualifications, academic record and/or experience

Average days per month to be devoted to the project

4. Duration of project

- Has the project already started elsewhere? YES / NO
- If YES, attach one sheet indicating progress made
- If NO, when will it start? ___/___/___
- What is the duration of the project? ___/___
months/years

5. Financial support

- Have you obtained all necessary financial support? YES / NO
- If YES, indicate sources and amounts \$ _____
- Is extra financial support needed? YES / NO
- If YES, indicate possible sources and amounts \$ _____

6. Logistical support

- Are you seeking non-financial support at Gluepot? YES / NO
- If YES, what is needed (eg access to accommodation, databases)?
- Are you able to provide transport for field trips? YES / NO
- If NO, how do you propose to overcome this deficiency?
- Do you have all of the safety equipment you need for working in remote areas (eg HF radio, vehicle winch, first aid?) YES/NO
- If NO, how will you overcome this deficiency?
- Do you have access to all of the equipment that you will need to collect and/or analyse data (eg binoculars, computer)? YES / NO
- If NO, how do you propose to overcome this deficiency?
- Have you obtained all necessary permits from government authorities and ethics committees to undertake the proposed investigations? YES / NO
- If NO, what steps do you intend to take?
- Have you established what statistical tests are appropriate for the data you will generate? YES /NO
- If NO, what steps do you intend to take?

7. Objectives of the project (state concisely what you aim to achieve through your project).

8. Project plan and methods (state briefly what you intend to do, and where, outlining the methods to be used).

9. Anticipated value of project (i) outline the potential value of the project (eg new information on birds and/or conservation value) and (ii) list the uses that might be made of the data generated.

10. Reporting and acknowledgements

- Are you prepared to provide a two page progress report once a year on a form that will be provided? YES / NO
- On completion of the project, are you prepared to provide one free copy of any thesis or final report for the Gluepot Reserve library? YES /NO
- Are you prepared to make available to the Gluepot Reserve Management Committee a free digital and written copy of any data generated to be used for management purposes? YES/NO
- Are you prepared to acknowledge the support of Birds Australia Gluepot Reserve in any publications and reports arising from this work? YES / NO

11. Signature of Student / Chief Investigator(s)

(i). _____ (signature) _____ (date)

(ii). _____ (signature) _____ (date)

13. Signature of Supervisor(s) / Adviser(s)

(i). _____ (signature) _____ (date)

(ii) _____ (signature) _____ (date)

14. Referees (if you do not have an academic supervisor , provide the names, addresses and telephone numbers of two people who could be asked to comment on your ability to carry out the proposed project).
